

### ***FLUENCY FRIDAY PLUS: 2011***

Fluency Friday Plus is a program designed to help children/teens who stutter learn more about stuttering and to meet other students and adults who stutter. This program includes individual and group treatment sessions. Each child/teen who stutters will have opportunities to practice speaking in a variety of situations. Graduate clinicians develop treatment activities and are supervised by licensed & certified speech language pathologists. This year, graduate clinicians from the University of Cincinnati and Bowling Green State University will be participating in FFP. In addition, a Parent Program is offered throughout FFP. On Saturday morning, a Siblings and Friends session is also available. As with previous years, FFP promises to be a wonderful experience for all.
